MONROE

SELLERS OF THE FINEST HOMES

★★★★★

We recently used Monroe in North Leeds to sell our house. They were brilliant, and we would highly recommend them.

We had various delays and hold-ups through the process of selling and moving, but this was no fault of Monroe, and we felt that they really did everything they could to improve things and they worked tirelessly on our behalf to progress the sale.

They communicated extremely effectively with us throughout the process and liaised between all parties to make sure everyone involved knew what was required at any given point.

From the first ever call I made to Monroe lettings I felt like it was a service like no other I had experienced! Having a difficult life situation and lots of barriers was making finding a new home to rent impossible. I dealt with many agents and none of them were a patch on these guys! They were understanding of my situation and did everything within their power to help me find a home for me and my children. I felt a real caring manner from all of the staff I dealt with especially Katie the manager who I spent lots of time talking to about my situation and she genuinely made me feel like she cared and was always so happy to help. I would highly recommend these agents.

A great group of people who helped me find and purchase my very first home. I have nothing to say but kind words about the entire Monroe Estate Agents team. I want to especially thank Sam Robinson. He took over during the middle of the buying process and did an amazing job getting this over the finish line. Buying this house was during a big change to my life. Monroe made it as easy as possible. They worked with my solicitor, the developer and the developer's solicitors. Check out Monroe's website and social media; which, by the way is all very well maintained.

Monroe acted on both our sale and our purchase. I cannot recommend them highly enough. We changed agents on our sale as soon as we saw the quality of the marketing. Mark's photography is exceptional and the level of enthusiasm and energy across the company as a whole made them the obvious choice. We can't thank them enough and suggest no one look any further for an Estate Agent in this area.
